Dear Levi and Andrew,

I am writing to thank you for coming to help me and Xavier in our misadventure on the Little Bear / Blanca traverse. It says a great deal about you both, and the AVSAR organization, that you would leap so readily to the aid of strangers.

I'm sorry that our difficulty had to be shared at all, but since it did, I'm very grateful that it was with the two of you. I wish you and your families the very best.

Sincerely,
